

CUBE Palletizer

FOCUS Integration

ABOUT US

FOCUS Integration has specialized in Palletizing and custom end of arm tooling for over 20 years-when you work with us you are getting decades of experience in end of line automation!

TIMELINE

We keep robots in stock to ensure that you have your solution as quickly as possible! Lead times as short as 6 weeks for a turnkey CUBE Solution and install in under one day means you limit downtime and are running as efficiently as possible, as quickly as possible!

EASY

Our FOCUS OS software allows for operators to change pallet recipes on the fly and anyone to program a new product in under 5 minutes with no code!

AFFORDABLE

With turnkey systems starting at just \$130,000 and financing options available, it is easy for anyone to find a quick ROI on a new palletizer-many companies see it in under a year!

OBJECTIVE

To improve American manufacturing by offering a robust, easy to use, and affordable palletizing option!

EXPERIENCE

-  **Case Palletizing** • 2011 - Present
Utilized vacuum and clamping technologies to palletize corrugate boxes onto pallets, including open top display cases
-  **Pail Palletizing** • 2013 - Present
Designed and used a custom pail gripper to nest pails onto a pallet at high rates
-  **Bag Palletizing** • 2014 - Present
Efficiently build loads of bags for many different bulk products in many industries using finger style and vacuum grippers, along with custom bag conditioning conveyors
-  **Custom Solutions** • 2003 - Present
Created custom automation solutions for all industries to better serve your automation goals. Wrappers, infeed conveyors, ZPA, AMRs, case sealers and erectors

Awards & Memberships

- KUKA's 2024 System Partner of the Year
- Supporter of local FIRST robotics organizations
- Member of the Almond Alliance
- Member of RIA
- Member of Paint and Coatings Industry
